Humble submission of Sri Lakshmi Kanta Doss & Co 7 Balaji Naidu Street

Regarding grant of a site for construction of Sri Sundara
Rama Mandiram in Mysore

Respected Sir

With respects to your goodself and with fervent hope of securing justice from your noble-self I submit this memorial which is the subject matter of the refugnant nature of the Trust Board authorities in Mysore who having sanctioned a free site to me for the above sacred purpose have seized the grant of it to me on antagonistic grounds, and pray that your Honour will enquire into the whole affair and be good enough to endow sympathy towards my selfless ambition to render my service to God and to humanity

1 That since the year 1941 I have been vigilently trying to secure a suitable place for the construction of this Sri Sundara Rama Mandiram and my humble representations to the then Dewan brought me the favourable endorsement from the then City Improvement Trust Board Chairman to select a site and intimate to them for needful compliance vide their No B/2906/23 of 41

2 That after a prolonged correspondence and applications I was given an order in Endorsement No B3 S R 2046/45-46/Encl One of 2/4th July 46 stating that in the Trust Board Committee meeting - it has been resolved to grant me site No 8 at the Soppinakola layout vide Resolution No 319 of 26 6 46

3 In consonance with the said resolution I requested the authorities to hand-over possession of the said site to me by taking a mutcharika and thus enable me to construct the Sri Sundar Rama Mandiram by securing the liberal contributions from the generous public who have given assures of their help on my securing the possession of the site

4 But curiously enough that the Trust Board authorities without any regard or reference to the previous sanction of the free site

enforced upon me some rigid - new and hard terms which neither was embodied in the resolution while the said site was Sanctioned by the Trust Board nor would look feasable on the face of my having undertaken to construct the said Rama mandiram within one year from the date of site to me failing which I agree to surrender the site with the constructed building upto that time without claiming anything from municipality and also on my agreeing to form the Committee consisting of bona fide members who will have confirmed with big contributors and who are really worthy of being the members of the Committee so desired to be formed by me by our Trust Board, instead of forming a Committee at random

5 Immediately thereafter I tendered several petitions to the Trust Board authorities and requested them personally and through applications not to seize the once sanctioned site for Rama mandiram and that I am prepared to construct the same within an year from time of the position of the site to me and even to form the Committee as desired

6 although the Chairmen of the Trust Board conceded to reconsider my prayers by placing my applications on the Committee letter on showed a very adamant attitude which very much wounded my feelings and flatly refused to do so stating that the members did not opine to do so I have requested for an endorsement and shall produce copy of the same to your Honour on receipt by me

7 my only humble representation to your Honour is that I have been endeavouring to do this sacred service in my life for the more oath I gave to Mr Sundara Sastry at the eve of his death and with an ambition of rendering my service to God and humanity and above all that my attempts and acts of the type are selfless and for the people the Committee members who so generously consented and passed resolution according the said site to me - cannot so suddenly show adamantness However I pray that if that particular site cannot be obliged at least I may be given with some other suitable site within the vicinity or nearby to the City and thus I am helped to complete this task and sacred undertakings

8 I pray for your Honour's succour as such an act of yours will give favourable finalisation of what your predecessor had some

contd

soved - but will also be an act of benevolence succour and Justice to bestow upon me and my untiring efforts - by oraering grant of the particular site which was already sanctioned to me or any suitable site in substitute to carryon with the construction of Sri Sundara Rama Mandira - which act of yours I need hardly subxitxxxik will be SERVICE TO GOD during this SACRED DASARA Festivities of His Highness and at a time when your Honour will take the SEAT IN THE DURBAR in the highest and responsible position representing His Highness and Highness' Government as the model Lewan to our model State

I beg to be pardoned for this unavoidably lengthy submission and solicit your gracious orders responding with my humble prayer and granting the site in order to complete my oath and complete my service in life until such I have determined to strive hard and xxx with zeal

I beg to remain
Respected Sir
Most obediently yours

Humble submission of Sri Varasamma door No 257 A Ramanna street

Regarding grant of a site for construction of Sri Sundara
Rama Mandiram in Mysore

Respected Sir

The grant of a site by the Trust Board Mysore for the above sacred purpose and the withdrawal of the same under some pretext and my streneous efforts to secure the same site is a matter that really requires your Honour equitable consideration and to protect my interests in my selflessness and sacred undertakings - untiringly since many years

1 That during the time of Sir Mirza M Ismail I have been trying my best to secure a free site from the Trust Board to construct a Sri Sundara Rama Mandiram and in this connection I have been endeavouring m best through petitions and personal representations

2 That after a prolonged correspondence and applications I was given an order in endorsement o Rc 2046/46 dated One of 2/4t July 1946 stating that in the Trust Board Committee meeting it has been resolved to grant me site No 8 at the Sopphankola layout vide Resolution No 519 of 26 6 1946

3 In consonance with this resolution I requested the authorities to hand-over possession of the said site to me to enable me to collect the donations from the promised patrons

4 But curiously enough that the authorities due to some others intervention and influence and on some infirm pretext have deforced me of the granted site stating that I did not form a Committee and did not deposit the sum of Rs 5000/ as security which terms were not embodied either in the Resolution or a condition that was stated by me or proposed by the Council at the time of sanctioning the site

5 Thereupon I corresponded and still have been corresponding in the matter and even submitted that I bind myself to form the proposed Committee and undertaking certain binding on my part that I would

would arrange to complete the said Sri Sundara Rama Mandir within a year from the date of handing over possession of the sanctioned site to me failing which I agree to relinquish my rights over it and allow the forfeiture of the site with the constructed building upto the time without any reimbursement on the part of the Trust Board and that I shall not make any adverse use of the site or the Sundaram Mandiram other than to the sacred purpose for which it is exclusively granted

6 The Chairman of the City Improvement Trust Board has been requested by me through two petitions to place my application before the Trust Board for reconsideration and favourable response on the conditions agreed by me - and to favour me with the site once so generously granted

Prayer - I now appeal to your Honour's mercy that as your Honour could feel from the above circumstances that my representation is quite just and that the site OWCs granted to me for my exclusive purpose of building the Sundara Rama Mandiram and as I have already made vigorous attempts to collect donations for this purpose - I pray that your Honour may be pleased to Recommend my case to the Chairman City Improvement Trust Board and to the Members of the Board to confirm the once allotted site to me and thus to enable me to build the Sundara Rama Mandiram and achieve my life object towards which I have in no short measure have sacrificed and endeavoured as my life service for this act of kindness and generous help I thank you and through you the Chairman of the Trust Board and the Board members for their amiable - reconsidered and favourable compliance of my request May God Bless you all for this noble help for noble cause and for my noble service to Build this renowned SUNDARA RAMA MANDIRAM

I beg to remain

SIR

With reference to your letter No C 24/46-47 forwarding, in original, the petition dated 28th September 1946 received from Sri Narasamma, Devaraja Mohalla, Mysore, addressed to the Dewan, requesting that Site No 8 granted to her, in Soppinanakoṭla lay-out, free of cost, for the construction of Sri Sundara Ramamandira be restored to her, I have the honour to state that Sri Narasamma was urging for sometime past for the free grant of a site for the construction of Sundararama Mandiram for public use The Board in their resolution No 409 dated 28th March 1945 resolved to grant a site free of cost for the construction of the Sundararama Mandiram, in Soppinakola lay-out, in Krishnaraja Mohalla The same was intimated to her on 2-4-1945 and she was told that she should give an agreement etc , and a site would be given to her after the sites are formed During November 1945, she requested to hand over possession of the site, but with a view to make sure that she was really earnest about constructing the Mandiram for the use of the public, she was requested to appoint a Committee for the construction and management of the said Ramamandiram to execute the required agreement, and to deposit a sum of Rs 5,000/- being the cost of construction of the Ramamandiram before the site could be placed in hier possession As was expected, she represented in hier application dated 4th January 1946 that the site may be granted to her only on a mutchalika to be executed by her without insisting upon her depositing the amount or the formation of a Committee of Management

Since she failed to form a Committee for the Management of the Mandiram and failed to execute the required agreement, the site was resumed by the Board as per copy of resolution No 519 dated 26th ~~June~~ June 1946 and Mrs Narasamma was informed accordingly

In the meanwhile, this site in question was granted to Vainikapraveena V Venkatagiriappa, as per resolution of the Board of Trustees in their resolution No 538 of the 26th June 1946 She has now come forward representing that the site resumed may be re-granted to her and that she is prepared to form a Committee if still insisted Anyway, the site in question cannot be granted for the purpose, as it has already been disposed of as stated above

In her application dated 28-9-1946 addressed to the Dewan, the applicant has requested that she might be given any other site for the purpose if the site already granted to her cannot be re-allotted to her It seems to me, that the question of giving a site could be taken up only after she collects substantial funds and forms a Committee for its management, so that, the site is not obtained free of cost under the cover of 'Sundara Rama-mandiram " The extracts from resolutions of the Board of Trustees and the connected records are sent herewith for reference and return when done with The application addressed to the Dewan is also returned herewith, as desired

Subject:- Grant of a site to Mrs Narasamma, Soppinakoia for constructing Sri Sundararamamandira

---

With reference to your letter No L 5310 of the 30th October 1946 on the above subject, enquiring whether the conditions imposed on the petitioner have been imposed and the same procedure adopted in other cases of free grant of sites etc , I have the honour to state that free grants of sites are being made by the Board only to recognised institutions or for known charitable purposes In all such cases, the grants have been made in the name of the Associations or Committees and stamped agreements have been invariably obtained after being satisfied about their proper working, and their bonafide intentions In such cases no deposits have been insisted upon

In the present case, the petitioner having failed to form a Committee to manage the affairs though asked to do so, and as she had not even ready money for constructing a building, it was felt doubtful whether the free grant would be for a bonafide purpose The formation of a Committee and depositing of money were therefore insisted in this case
